4 MATTERS ARISING

- a) Contact with National Highways regarding flooding at Marley Lane and A.21 junction – They have advised that the flooding is caused by the road being low at the junction and also being a plain. It would be too costly to raise the road for the amount of time there is flooding needing a road closure.
- b) Following a telephone call, they advised they will look at and possibly consider in future closing the A.21 at Johns Cross and diverting traffic down the A.2100.
Decide on meeting date to send an invitation to Dr, Kieran Mullen M.P. to attend a parish council meeting
- c) East Sussex Highways – Re lowering speed limits – They will be assessing the C.293, B2090 and B.2089 to see if these roads need to have their speed limits reduced and if path ways can be sited.
- e) A parishioner has written to K. Mullen M.P. regarding the problems with traffic along Whatlington Road C.
 - a Email from 293

5 CORRESPONDENCES
